# Defending the integrity of our core technology

“I am an Engineer.

In my profession I take deep pride. To it I owe solemn obligations.

...I, Karen Sandler, pledge to practice **Integrity and Fair Dealing, Tolerance, and Respect**, and to uphold devotion to the standards and dignity of my profession, conscious always that **my skill carries with it the obligation to serve humanity** by making best use of the Earth's precious wealth.

As an engineer, I shall participate in none but honest enterprises. When needed, my skill and knowledge shall be given without reservation for the public good. In the performance of duty, and in fidelity to my profession, I shall give the utmost.”

# Transparency

---

With hate on the rise, diversity  
inclusion efforts are more  
important than ever.

---

Software freedom  
democratizes technology.

---

Because together, we get it.

---

We can't just be reactive.

Christian Müller

“With Big Data  
comes big  
responsibility”

---

No one and nothing is perfect.

---

3 million people worldwide  
have pacemakers, and each  
year 600,000 are implanted!
